Huesca. A CITY OF LEGEND AND HISTORY

long history – treasures – streets – archaeological sites – monuments – heritage

Iberians (Bolskan). Mint - coins - horseman

Romans, 179 b.C. (Osca). Quintus Sertorius (c.123-72 BC) - academy - University Sertoriana (first Spanish university which remained open until 1845)

Visigoths, 476.

Muslims, 719 (Wasqa). City walls, still preserved - old quarter.

Christian and Aragon Uesca, 1096 conquered by Pedro I of Aragon.

15th century (Castilian, Huesca)

1354, King Pedro IV of Aragon founded the University of Huesca (theology) the end of the 16th century was eclipsed by the University of Zaragoza (1845: abolished).
Huesca. THE CITY

modern – traditional – comfortable – affordable – safe

- Mediterranean climate (continental characteristics)
  - 480 mm (18.9 inches) rain/year (1981-2010)
  - 2732 sunshine hours (1981-2010)
  - Average low 1,4 °C (34,5 °F) (January)
  - Average high 31,6 °C (108,7 °F) (July) (1981-2010)

- Altitude: 488 m (1 601 ft) above sea level

- Population: 52 671 (2016)

- Municipal area: 161 km² (62,16 mi²)

- Friendly PEOPLE

- Excellent GASTRONOMY

- CULTURE – MONUMENTS – SPORT – LEISURE

- QUALITY of LIFE – STANDARD of LIVING

- Very good TRANSPORT NETWORK

http://www.huesca.es/la-ciudad/
The emotion of LIVELY NATURE, and much more...

Huesca is the vital center of a privileged county. From the subdesert areas of “Los Monegros” up to the peaks of the Pyrenees, Huesca offers visitors an excellent combination of peaceful and more active stay.

unique places – urban buildings – nearby villages – artistic and natural heritage

Notable people of Aragon

**Miguel Servet** (1509 or 1511 – 1553)
Theologian, physician, cartographer, and Renaissance humanist.

**Ignacio Jordán de Asso** (1742 – 1814)
Spanish diplomat, naturalist, lawyer and historian.

**Francisco de Goya** (1746 – 1828)
Romantic painter and printmaker.

**Santiago Ramón y Cajal** (1852 – 1934)
Pathologist, histologist, neuroscientist, and Nobel laureate (1906).

**María Moliner** (1900 – 1981)
University of Zaragoza (UZ)

- Founded in 1542
- 35 000 students [29 611 degree / 1 388 master / 2 499 doctorate / 1 570 other programs]
- 4 000 professors-researchers / 1 800 administration and service staff
- Courses: 54 undergraduate degrees (European Higher Education Area - EHEA) / 55 masters / 43 PhD programs / 94 other programs
- Centers and research: 18 own centers / 5 affiliated centers / 1 doctoral school / 56 departments / 15 research centers and institutes / 214 research groups (2 804 researchers)
- Library: 1 000 000+ volumes (books, journals, etc.), 20 000+ electronic journals, 100+ data bases, etc.
- Budget of 246,2 millions of euros (2016)

Núm. de universidades por habitante [5]:

- Universidades por millón de habitantes: 1,81
- Universidades por millón de habitantes 18-24 años: 26,47

(2) Entre paréntesis se recoge el número de universidades públicas y el número de campus y sedes en universidades públicas.
(3) En el curso 2015-2016 las universidades de titularidad privada Tecnología y Empresa (Madrid) e Internacional de Canarias (Canarias) no tienen actividad académica.
(4) En la UNED existen 4 sedes en el extranjero y en la UIMP 8, incluidas en el total. La UNIA utiliza como sedes 4 campus de otras universidades.

INTERNATIONALIZATION: a guarantee of quality

✓ 1,700 bilateral agreements with institutions all over the world
  (34 European countries, the United States, Canada, Australia, Latin America, Asia, and Africa)

✓ Top-ranking Spanish universities in terms of international annual student exchanges:
  1,000 outgoing students / year
  3.7% international incoming exchange students / year

✓ 150 professors from UZ carry out educational visits in other European countries / year

International mobility and cooperation programs

- The European Commission’s Lifelong Learning Program, which includes the sub-programs: Erasmus studies, Erasmus work placements, Intensive programs, Teacher mobility, Mobility for training, Preparatory visits and the Leonardo Program.
- Mobility Americampus (Latin-American universities).
- Mobility CRUE-Santander-University of Zaragoza.
- Mobility University of Zaragoza to universities in North America, Oceania or Asia.
- Mobility University of Zaragoza-China.
- University of Zaragoza scholarships for development cooperation.
- University of Zaragoza-Santander and University of Zaragoza-Carolina Foundation scholarships, for postgraduate studies.
- Mobility MAEC-AECID scholarships, for post-graduate studies.
- Scholarships from the Latin America University Association of Graduate Studies (AUIP).

- European Union’s ALFA and TEMPUS programs.
- Interuniversity Cooperation Program (PCI) of the Spanish Agency for Development Cooperation.
- Government of Aragón Development Cooperation.

- **Technological College of Huesca**
  - Degree in Rural and Agri-Food Engineering
  - Degree in Environmental Sciences
  - Master in Agricultural Engineering
  - Doctoral School of UZ (Doctoral Program in Agrarian and Natural Environment Sciences, etc.)

- **Faculty of Health and Sport Sciences**
  - Degree in Human Nutrition and Dietetics
  - Degree in Physical Activity and Sport Science
  - Degree in Odontology
  - Degree in Medicine
  - Master in Evaluation and Physical Training for Health

- **Faculty of Humanities and Education Sciences**
  - Degree in Primary School Education
  - Degree in Nursery School Education
  - Master in Advanced Studies in Language, Communication and its Pathologies
  - Master in Teacher for Mandatory Secondary Education, Baccalaureate, Vocational Training and Languages, Arts and Sports Education

- **Faculty of Business and Public Management**
  - Degree in Business Administration and Management
  - Degree in Public Management and Administration
  - Master in Tourism Management and Planning

- **University School of Nursing Huesca (affiliated center)**
  - Degree in Nursing

**DEGREE STUDIES**
- Degree in Environmental Sciences
- Degree in Rural and Agri-Food Engineering
- Double degree in Rural and Agri-Food Engineering and food Science and Technology

**MASTER**
- Master in Agricultural Engineering

**PRIVATE STUDIES**
- Private Master Degree in Sustainable Water Management
- University Expert in Integrated Management of Agricultural Pests

**DOCTORATE**
- Doctoral School of UZ (Doctoral program in Agricultural Sciences and Natural Environment, etc)
### Degree in Environmental Sciences

**First year**
- 25200 Chemical foundations of the environment (6 ECTS)
- 25201 Biology (6 ECTS)
- 25202 Introductory geology for environmental science (6 ECTS)
- 25203 Basic mathematics for environmental studies (6 ECTS)
- 25205 Environmental administration and law (6 ECTS)
- 25206 Physical foundations of the environment (6 ECTS)
- 25208 Soil science (6 ECTS)
- 25209 Environmental science and sustainability (6 ECTS)
- 25250 Environmental science and sustainability (6 ECTS)
- 25251 Botany (6 ECTS)
- 25252 Zoology (6 ECTS)

**Second year**
- 25204 Applied economics (6 ECTS)
- 25209 Statistics (6 ECTS)
- 25211 Ecology I (6 ECTS)
- 25214 Meteorology and climatology (6 ECTS)
- 25215 Ecology II (6 ECTS)
- 25218 Soil degradation and pollution (6 ECTS)
- 25219 Atmospheric pollution (6 ECTS)
- 25233 Society and land (3 ECTS)
- 25244 Cartography and geographical information systems (9 ECTS)
- 25255 Key analysis in the environment (6 ECTS)

**Third year**
- 25210 Foundations of environmental engineering (6 ECTS)
- 25220 Natural risks (6 ECTS)
- 25222 Clean technologies. Renewable energies (6 ECTS)
- 25223 Agrosilvopastoral systems (6 ECTS)
- 25224 Water pollution (6 ECTS)
- 25225 Management and conservation of flora and fauna (6 ECTS)
- 25226 Management, treatment and recovery of waste (6 ECTS)
- 25228 Regional planning and urbanism (6 ECTS)
- 25229 Toxicology and public health (6 ECTS)

**Fourth year**
- 24900 Modern language English B1 (2 ECTS)
- 24901 Modern language French B1 (2 ECTS)
- 24902 Modern language German B1 (2 ECTS)
- 24903 Modern language Italian B1 (2 ECTS)
- 25230 Environmental impact assessment (6 ECTS)
- 25232 Undergraduate dissertation (12 ECTS)
- 25257 Environmental management and audit (6 ECTS)
- 25259 Environment projects

**Elective courses**
- 25221 Environmental education (6 ECTS)
- 25236 Radioactive contamination, acoustic and vibration pollution (6 ECTS)
- 25238 Analytical technology for the detection of contaminants (6 ECTS)
- 25241 Biotechnology and resource conservation (6 ECTS)
- 25245 Soil and land evaluation (6 ECTS)
- 25248 Classified activities (6 ECTS)
- 25260 Waste application on soil and fertility (5 ECTS)
- 25261 Accreditation and quality standards in environmental laboratories (5 ECTS)

## Module 1: Technology and planning of the rural environment
### First year
- 60561 Rural infrastructure (6 ECTS)
- 60563 Agricultural land-use planning and management (4.5 ECTS)
- 60564 Agricultural and rural development policies (4.5 ECTS)
- 60565 Water resources and hydraulic facilities (6 ECTS)
- 60566 Rural facilities and roads (6 ECTS)

### Module 2: Technology in crop and livestock production
#### First year
- 60567 Animal production systems (9 ECTS)
- 60568 Plant production systems (9 ECTS)

#### Second year
- 60570 Biotechnology and plant and animal improvement (6 ECTS)

## Module 3: Technology in agri-food industries
### First year
- 60560 Food quality and safety (4.5 ECTS)
- 60569 Systems and processes of food industries (6 ECTS)

### Second year
- 60571 Agri-food business management (6 ECTS)

## Module 4: Management and organisation of agri-food companies
#### First year
- 60562 Agri-food marketing (4.5 ECTS)

#### Second year
- 60571 Agri-food business management (6 ECTS)

## Module 5: Internship (Second year)
- 60572 Internship (6 ECTS)

## Module 6: Master thesis (Second year)
- 60573 Master dissertation (12 ECTS)

### Compulsory subjects
- 72 ECTS

### Internship
- 6 ECTS

### Master dissertation
- 12 ECTS

### TOTAL CREDITS
- 90 ECTS
Courses that under request of interested students offer:

- **LITERATURE** in English
- **ACADEMIC TUTORING** in English
- **ASSESSMENT** in English

“This was a year of discoveries and travelling, travelling through real trips and through deep conversations with people from all over the world. I enjoyed so much using languages as a tool to break down barriers of communication and making friends I would have never met without going abroad. I can't wait to repeat this experience somewhere else!”

**Marta Llamas**, Degree in Environmental Sciences *(OUT, 2014 - University of Lausanne, Switzerland)*

“Cooperation programs offer the chance to know other countries and cultures, as well as provide an opportunity to work in projects that promote sustainable and equitable development of diverse societies. In Cuba, in both the social and academic environment, the limited access to resources encourages the ingenuity and the solidarity, which makes the Cuban people to be really special and the experience there, unforgettable.

**Eva Sáiz**, Degree in Environmental Sciences *(OUT, 2015 - Universidad Agraria de La Habana, Cuba)*
Marcos Sierra, Master in Agricultural Engineering
(OUT, 2015 - University of Rzeszów, Poland)

Cześć/Hello!! I'm Marcos and I've been studying in Rzeszów (Poland). If you decide to study in Poland, you will see a country with many contrasts, modern cities and universities within a recent very complex History. You'll adapt quickly to the strong Polish soups and your second home will be “Polskibus” and “PKP train”. I have visited many cities in 8 different countries. This experience has been very enriching. You'll have the opportunity to live in another country, meet many young European people, learn languages, and travel. Throw out your fears and join Erasmus, a singular experience!

The Market Square and the Town Hall in Rzeszów (Poland)

Adrián Gracia, Agricultural Engineering
(OUT, 2015 - Université du Québec à Montréal, Canada)

“All the other people were invited to the trip but you were left out because of your boyfriend, your team loyalty, your pet at the end, your best asset, your time! Life is short, travel more. Not gots, not glory! Live as if you were to die tomorrow. Learn as if you were to live forever (Mahatma Ghandi). The most important is not the place where you go... it is the path that you will made. You have a long way to go... got it? “

Niagara Falls (Canada)
“Studying the environment is a wonderful occupation, but if you do it at the EPS of Huesca it takes the advantage of being a 360-degrees experience. Every aspect of academic life in this university aims to involve the student in the specific field, leaving you richer both in knowledge and in personality.”

Ordesa National Park (Pyrenees, Huesca)

Gianluca Persia, Degree in Environmental and Natural Sciences (IN, 2015 - University of Genoa, Italy)
IN and OUT students at the EPS: TESTIMONIALS

"My Erasmus experience has been one of the best adventures in my life. The opportunity of meeting new people from all around the world, travelling through different places, learning new languages and overcome challenges are some of the things that have opened my mind in all senses. Definitely, this experience will only bring positive learnings in your life!"

Celia Lainez, Degree in Environmental Sciences
(OUT, 2016 - University of Genoa, Italy)

"I just have good memories about studying in the EPS in Huesca. The faculty is very modern and it is surrounded by an amazing landscape, which you can enjoy while studying in the library (incredible view at the Pre-Pyrenees) or doing excursions with class. The teachers are super friendly and obliging and apart of that nearly all of them speak English fluently. Also the classmates were fantastic; whatever I needed they helped me and they even took me to a trip to the Pyrenees. I really made some good friends over there. I just can tell you that studying at the EPS was the best which could have happened to me and I recommend it to everyone."

Verena Duschek, B.Sc. Biology
(IN, 2016 - University of Innsbruck, Austria)
IN and OUT students at the EPS: TESTIMONIALS

“IT’s hard for me to explain the effect of this experience in my life. So many new sensations, places, points of view, unforgettable people... even the feeling of missing something has a positive point; it teaches you how to really appreciate the people, places and facts of your life when you are back at home. So I simply say to you that if you are wondering if you should participate in a mobility program, do it. You won’t regret it, it’s now or never! And once you’re there, take part in every adventure and spontaneous plan that will appear around you, don’t waste your time!!”

Cristina Abad, Degree in Environmental Sciences (OUT, 2017 - University of Innsbruck, Austria)

“I think everybody should live the Erasmus experience. It’s true that at the beginning you feel afraid but you are going to live new sensations, unforgettable moments and the most important you will overcome challenges. This year has helped me to open my mind and it also has shown me that I can do whatever I want. Because this is an Erasmus. It is every trip you do with lot of new cultures and adventures. It is also new people that you are going to miss later because finally they are like your family. It is a new university with other academic methods and other language. For all these reasons it has been one of the best years in my life and it could be yours. Ačiū Vilnius.”

Alba Vaquero, Degree in Environmental Sciences (OUT, 2017 - Vilniaus Gedimino Technikos Universitetas, Lithuania)
“This has really been one of the best experiences for my life and personal evolution. Nothing best to open my mind, meet lots of people from different countries, learn about their cultures, continue with my studies, perform two languages at the same time, … and all this travelling to another country, visiting different places and having so funny and special moments. It’s a fact that in life you can be younger or older, but you will always be learning something different, and this allowed me to do it feeling happier and enjoying life itself.”

Alejandro Lapuente, Degree in Environmental Sciences (OUT, 2018 - University of Innsbruck, Austria)

“I have been in Vilna (Lithuania) by Erasmus and I think that it was the best choice I have ever taken. At beginning it was little hard but all people helped me to integrate. Vilna is a great city full of young people and party, the food very cheap and the language never was a problem. Lithuania in general, is a wonderful country with beautiful landscapes. There, I learned their culture and history. In conclusion, Erasmus is a great opportunity to meet many people from different places and countries, also to travel and visit many cities.”

Héctor Marín, Degree in Environmental Sciences (OUT, 2018 - Vilniaus Gedimino Technikos Universitetas, Lithuania)
“To study in the EPS - Huesca has been one of the most amazing experiences in my life: during the six months I lived there, I learned many things, both academical and personal. There I took courses of Environmental Sciences, which is such an important occupation now on. I met new friends from the whole world and visited many countries in Europe. Everybody should live this experience and make unique memories in such a beautiful place to live like Huesca is, so don’t hesitate and make yours too!!”

Ingrid Cavazos, Degree in Genomic Biotechnology (IN, 2017 - Universidad Autónoma de Nuevo León, Mexico)
“My Erasmus experience was the best adventure of my life: a continuous challenge with myself to overcome, learning a new language, the opportunity to travel and discover new places and new people from all over the world. Discover breathtaking places and enchanting sunsets. The university is very beautiful, has a modern structure totally surrounded by nature and by an incredible landscape of which you can fully enjoy even while studying, through the large window of the library! Moments with different people, within the EPS, as teachers, classmates and out of the EPS, with the other Erasmus and my roommates who have become my second family and that I will carry with me for the rest of my life. If I think of this experience, the first phrase that comes to mind is: What Huesca has united, nothing will divide it!”

Michela Cinque, Masters in Food Science and Technology
(IN, 2018 - University of Naples, Italy)
