

Desde UNIFORM-Agri, una empresa internacional especializada en software de gestión de rebaños para la industria lechera, nos gustaría compartir una oportunidad laboral que podría ser de interés para sus estudiantes o recién titulados en veterinaria, ingeniería agrónoma, ciencias animales u otras disciplinas relacionadas con el ámbito agrario.

Como parte de nuestro crecimiento en la región ibérica (España y Portugal), estamos buscando una persona motivada para incorporarse a nuestro equipo como Técnico/a de soporte posventa y comercial. El puesto está especialmente orientado a personas que hayan finalizado recientemente sus estudios o estén a punto de hacerlo, y que deseen desarrollarse profesionalmente en un entorno innovador e internacional.

Innovation in the agricultural sector is constant — the increasing adoption of technology and digital tools in livestock farming is playing a more important role every day. UNIFORM-Agri is a global software company developing herd management solutions and is one of the leading players in the dairy sector.

With our software solutions, we enable producers, advisors, and industry partners to easily manage herd data, analyze information with powerful tools, and improve the monitoring and performance of dairy farms.

We are an international, motivated, and specialized team based in Assen, the Netherlands. Thanks to our extensive network of partners, we provide excellent service to clients worldwide. In Spain and Portugal, we offer solutions tailored to dairy farmers, veterinarians, and consultants.

Would you like to work in an innovative company where you can grow, develop new skills, and contribute to the modernization of the dairy industry?

We are currently looking for someone to join our team in Iberia (based in Spain/Portugal) as soon as possible.

Post-Sales and Commercial Support Technician for Herd Management Software

Main responsibilities:

- Training and follow-up with clients on the use of herd management software
- Providing remote (phone and online) support to clients with questions or issues across the Iberian region
- Supporting distributors and partners in their customer support activities
- Contributing to the creation of marketing and sales content (brochures, website, social media, etc.)
- Supporting the sales team with commercial activities and market development: follow-up of leads, participation in fairs and events, etc.
- Collaborating on development projects

Profile:

- Academic background in the agricultural sector (Degree in Veterinary Science, Agricultural Engineering, or Vocational Training in farm management, etc.), ideally with a focus on the dairy industry
- High level of Spanish, Portuguese and English
- Proficient in Microsoft Office
- Experience and knowledge of the modern dairy industry
- Willingness to travel (valid driver's license required)
- Skills: Team-oriented, self-motivated, proactive, able to work independently and remotely, with strong communication and interpersonal skills (previous sales experience not required)

We offer:

- A flexible and reliable working environment in a young, international team
- A very positive and collaborative working atmosphere
- Remote position (working from home)
- A dynamic role with opportunities for professional growth
- Internal training program in herd management software: remotely and including a stay in Assen (The Netherlands)
- A long-term employment opportunity

Interested? Please send your CV and cover letter by June 30th 2025 to:

Lidia Sierra Sorrel (Ls.sorrel@uniform-agri.com , 34 670 34 94 64)
