

OFERTA ACADÉMICA PARA ESTUDIANTES EN MOVILIDAD

Los estudiantes en movilidad IN que van a estudiar en la Escuela Politécnica Superior (EPS) pueden incluir en su ACUERDO DE ESTUDIOS (AE) cualquier asignatura de las tres titulaciones que se imparten en nuestro centro, independientemente del área para la que está firmado el convenio de movilidad y de su nivel de estudios (grado/máster). También es posible recoger en el AE créditos de prácticas y/o estancias de investigación con el fin de realizar trabajos experimentales destinados al Trabajo Fin de Estudios o Proyecto Fin de Carrera, que podrá ser defendido en la UZ o en su universidad de origen. Interesados, ver: <https://eps.unizar.es/en/internships>

Por otra parte, teniendo en cuenta que la mayoría de las asignaturas deben impartirse en la EPS (caso en que el convenio de movilidad esté firmado con nosotros), es posible incluir en el AE algún curso de otra Facultad/Escuela de la Universidad de Zaragoza (excepto aquellos con restricciones). No obstante, se recomienda estudiar bien la logística (horarios, distancias, etc.) ya que nuestra Escuela pertenece al Campus de Huesca (a 75 km aprox. de Zaragoza) y está ubicada a 3 km aprox. del centro de la ciudad de Huesca.

Oferta de la Escuela Politécnica Superior

Ver tablas más abajo.

Oferta del Campus de Huesca

Estudios de Grado: <https://campushuesca.unizar.es/gradoshuesca>

Estudios de Máster y Doctorado: <https://campushuesca.unizar.es/master>

Facultades/Escuelas: <https://campushuesca.unizar.es/centros-del-campus-de-huesca>

Oferta general de la Universidad de Zaragoza

Estudios de Grado/Máster/Doctorado: <https://estudios.unizar.es/>

Facultades/Escuelas: <http://www.unizar.es/estructura/centros>

COURSE CATALOGUE FOR EXCHANGE STUDENTS

Students in mobility IN who are going to study at the Technological College: Agri-food and Environment (EPS) may include in their LEARNING AGREEMENT (LA) any course of the three degrees that are taught in our College, regardless of the area for which the exchange agreement is signed and of their level of studies (bachelor/master). It is also possible to include in the LA ECTSs of internships and/or research stays in order to carry out experimental works for the Bachelor/Master Theses, which may be defended at the UZ or at your home university.

If you are interested, see: <https://eps.unizar.es/en/internships>

In addition, even when you should choose the majority of your courses from the faculty/college that has the exchange agreement with your home institution (EPS, in our case), you may also look for suitable courses for your LA from other Faculties/Colleges of the University of Zaragoza (except the ones with restrictions). However, please note that you must study well logistics issues (schedules, distances, etc.) since our College belongs to the Campus of Huesca (75 km approx. from Zaragoza) and is located 3 km approx. from the center of the city of Huesca.

Courses at the Technological College: Agri-food and Environment (EPS)
